

Welcome to Lebanon TN!!!!

Ruth & Ozzie are doing a GREAT job!!!

If you were fortunate to arrive on Sunday Ruth had Ken Burke calling at the trails in dance. The local area Square dance club joined us they also came bearing food!!! A good time was had by all!!

There are a couple of new things this year. There is a playpen for all of your "Stuffed Animals For Emergencies" (SAFE), it's growing by the day!!! Thanks to the Wilson county fire department.

Day 1

Day 2

There is also a book exchange!! Ran into someone who said she could not get many TV channels, so I told her to go get herself a book!! Problem solved!!

Book Exchange Day 1

Book Exchange Day 2

Monday's dinner was a potluck including hotdogs & Cowboy chili. If you missed it, you have another chance as there are lots of leftover hotdogs & chili. So Tuesday for lunch there will be another potluck lunch. Bring those leftovers and lunch will be at noon!!!! Nothing like Camping, Square Dancing and having a potluck! What more can you ask for?????

A comic strip mixer you had to find your strip - lots of fun. When your group found all 8 panels, everyone received a treat!!!

1st Place Winners

1st Place Winners

Pop tops are coming in so bring them over!!

Monday night dance was a red nose western theme, a special thanks to those that dressed special for the dance!!

Ozzie had a nice smokeless fire after the dance! So plan on bringing a camp chair and join the next fire - weather permitting.

A newly home made truck camper made by Linda Michel will be on display and will be open Tuesday if you want to take a peak inside. It weighs only 900 pounds. It all runs on a 12 volt battery. I told her not to let my husband see it as he might get ideas. I could never fit all of my square dance outfits in it!!!!

The dancing and games & crafts have begun!

A special thanks to Barry Vlad for taking some of the pictures for the Snooper News!!

Have something to share reach out to Tricia Chartier
